how many copies are required. There is need for great economy in these days. I believe that copies of the Famine Code in Irish are becoming unlikely to be wanted for it will take some time to print them. The Commissioners may be asked to see that only necessary indents for Irish copies are complied with

The information is not available as to how many copies of the Kannada Version of the Famine Code is printed. However 450 copies were received in this office from the Govt Press, of which 300 were sent to the Revenue for distribution with this office No R2675 of 6.11.08. It is further ascertained that there are only 49 copies of the English Version of the same. May the press be asked to print 500 copies of each of the English & Kannada editions of the Code, as there is likely to be a great demand for books.

Yes. But I am afraid the Press will not accept the order unless they are paid for.
